Nathan Cern
Born in 1844
Born in Russia
Occupation Clerk

Nathan Cern was born in Russia during 1844[1] and had arrived in Leadville by 1880.[2] Cern was a clerk and lived in a boarding house which included Fred Butler and Henry Frankle, both Leadville merchants.[3] It is possible Cern worked as a clerk at Butler's and Frankle's store, the Palace of Fashion. Nathan Cern did not stay in Leadville long, and by 1881 he had disappeared from the Leadville city directories.[4]
